

Pupil premium strategy & review statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Waddington All Saints Academy
Number of pupils in school	376
Proportion (%) of pupil premium eligible pupils	12.2% (46)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2025/26 2026/27 2027/28
Date this statement was published	October 2025
Date on which it will be reviewed	July 2026
Statement authorised by	Mrs Zoe Jepson Headteacher
Pupil premium lead	Mrs Catriona Wright SLT/Pupil Premium Lead
Governor / Trustee lead	Mrs Hannah Berry Chair of Governors

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£69,690
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£69,690

Part A: Pupil premium strategy plan

Statement of intent

At Waddington All Saints Academy we have a 'DRIVE' for excellence through our high expectations for all pupils within our school, irrespective of their background or the challenges they face and believe that with high quality teaching, effective engagement with parents, pastoral support and a personalised approach to meet individual children's needs, every child can be empowered to reach their full potential: academically, socially, emotionally and physically.

The strategies implemented are personalised to enable us to meet the individual needs of pupils who are in receipt of Pupil Premium, including those who are already high attainers, with the main aim being that these children do as well as their peers with similar starting points, who are not eligible for Pupil Premium.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity outlined within this statement is also intended to support all pupil needs, regardless of whether they are disadvantaged or not.

School leaders have a strong determination to ensure that disadvantaged pupils at this academy receive quality first teaching which is at least good and often outstanding, within every lesson, with an increased focus on areas in which these pupils have fallen behind. This is proven to have the greatest impact on closing the attainment gap and at the same time will benefit the non-disadvantaged pupils. Our aim is to ensure that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers to enable all pupils to reach their potential. Our belief is that if we get teaching and learning right for our most vulnerable pupils then we will get it right for all.

Funding is allocated within the school budget by financial year. The budget enables us to plan our intervention and support programme year on year. When making decisions about how to allocate our PP funding, we have analysed data thoroughly, and make use of current research from the EEF and The Great Teacher Toolkit and the Ofsted and DfE guidance. Expenditure is strategically planned, closely monitored and the impact reviewed by academic year as shown within this strategy plan.

Our Pupil Premium Priorities are to:

- Further increase the rates of progress, where there is low prior attainment and gaps in learning, (with a focus on early English, early Maths, phonics, reading fluency, writing and calculation within maths).*
- Further enhanced progress, in all areas of the curriculum, through quality first teaching and focused, personalised interventions programmes, so that staff can quickly address and respond to any barriers within pupils learning.*
- Continue to provide high quality pastoral support to ensure that pupils are able to fully access their education and be physically and mentally healthy.*

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Communication and Language deficit Assessments and teacher feedback indicate that 50% of reception and 50% of Year 1 pupils, in receipt of Pupil Premium demonstrate weaker language skills. This includes: speech and language difficulties; a lack of exposure to wider vocabulary and poor phonic/early reading skills.
2	Attainment of eligible pupils with the potential for GDS. Assessment and observations evidence that, on average, pupils in receipt of Pupil Premium who have the potential to achieve GDS find it increasingly difficult to reason and think at a deeper level.
3	Securing progress and attainment of eligible pupils in core areas of learning. Internal observations and assessments evidence that a majority of pupils in receipt of PP have made good progress from their start points. While this is positive and evidences the success of this strategy, we recognise the importance of embedding the progress made, so that it is secured. In addition, there are a small proportion of pupils eligible for PP who require further, in-depth analysis to support further progress.
4	Supporting identified social, emotional and mental health concerns. Assessments and observations with pupils and families indicate that the mental health and well-being of a proportion of pupils and/or their families, continues to be a challenge. This has resulted in children not being socially and emotionally ready to access learning due to circumstances at home and/or a lack of self-belief and resilience. As a result, they often have difficulty in being able to focus on and do well in their learning. Teacher referrals for ELSA support are high, with 17 pupils eligible for Pupil Premium accessing some form of pastoral support within the academic year. In addition, 10 pupils/families have required support through the Early Help process.
5	Attendance 16% of disadvantaged pupils have been 'persistently absent' compared to 75.9% of their peers during last academic year. Our assessment and teacher feedback indicates that this absenteeism is negatively impacting upon a few of disadvantaged pupils' progress.
6.	Enrichment and Experiences In general, pupils who attend All Saints have access to a wide range of cultural experiences. Recent observations, parent and pupil interviews evidence that disadvantaged pupils across all year groups have limited access compared to their peers to cultural experiences such as galleries, museums and exhibitions and music lessons.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
- Disadvantaged pupils make at least expected progress from their individual starting points in all areas of the curriculum, with a focus on early English, early Maths, phonics, reading and writing. - The attainment gap continues to be narrowed for pp/ non-pp children.	- QFT is at least good and often outstanding, in addition personalised provision within the classroom supports the children to succeed. - Teachers receive CPD that focuses on the quality of their teaching with the view that the class teacher's skills of teaching are the most important resource for all children. - Any pupils who are identified as 'off-track' are thoroughly assessed, using diagnostic assessments to identify their barriers to learning. - Highly targeted, focused, time limited, evidence based interventions are in place to ensure that barriers are overcome and accelerated progress is made. - Over learning is used as a strategy to support pupils to embed learning into long term memory. Systematic checks ensure that they are able to retain information- know more and remember more. - Regular opportunities to rehearse/revisit/recall/consolidate key learning and skills is evident in pupil outcomes. - Rigorous and forensic data analysis of on-going assessments and NTS outcomes, alongside book scrutiny's evidence that pupils are making good progress. - Pupil, teacher and parent voice are used to build an accurate picture of how best to support the children. - Tasks are designed to enable pupils to develop the skills of analysis, inference and evaluation. This is evidenced across all subjects and supports pupils to be able to question and make links. - All pupils eligible for PP make good progress, from their starting points and are able to embed and build upon previous attainment. - Book looks demonstrate high teacher engagement through the use of the marking and feedback policy which leads to progress being made.
- The language deficit for pupils in receipt of PP funding is diminished. - Vocabulary is taught clearly and effectively within and across subjects.	- High quality vocabulary teaching is evident in classroom observations. - Increased % of PP pupils working at ARE or above across the school in reading and phonics. - Embed the outstanding work on developing vocabulary from last year.

	• Embed the wide range of opportunities to support language development, with a high focus on developing pupils debating skills, across KS2. • Targeted children within EYFS and Y1 receive additional Speech & Language/Welcomm intervention. • Books are carefully chosen to also match pupil's interests, so that they 'want' to read more, to support vocabulary development. • Reading fluency continues to be a high priority and has been part of the CPD to upskill teachers, to ensure that these pupils have the potential to be competent, fluent readers, who are able to comprehend. • Love of reading is promoted with home.
• <i>Pupils love learning and have access to an engaging, broad and varied curriculum.</i> • <i>Pupils have high aspirations of themselves and others and believe they can do it.</i> • <i>All pupils are exposed to a breadth of experiences that enables them to contextualise their learning.</i>	• All pupils eligible for PP have a 'Champion' assigned. Part of this role is to engage regularly with the pupils and celebrate their achievements, so that they feel confident and 'love' their learning. • QFT is at least good, and often outstanding. Visits, events and experiences make learning 'irresistible' and 'memorable'. • Children are systematically exposed to a wide range of social, cultural, enrichment and sporting activities. • High focus on executive functioning and readiness to learn skills within lessons. • A larger proportion of pupils evidence positive dispositions for learning.
• <i>Pastoral support is well targeted and effective in ensuring that our most vulnerable pupils eligible for PP are fully engaged in all aspects of school life.</i>	• Pupils who receive pastoral support intervention make at least expected progress. • Pre and post measures within pastoral support evidence based interventions result in a positive impact. • Key families are accessing our offer of support through Early Help. • Good relationships formed with families who can be 'hard to reach'. • Learning Support Staff are allocated to best meet the needs of all learners, they challenge and guide the children without building an over-reliance on adult support. • Attendance rates for pupils eligible for PP evidentially improves. • Attendance of pupils eligible for PP at extra-curricular clubs increases across the year.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 7,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
<i>CPD for all new staff to ensure that the high quality and specific approaches to the teaching of phonics, early reading and language and communication, is fully embedded and consistently in place across FS and KS1.</i>	Evidence from the Education Endowment Foundation (EEF): 'Teaching and Learning Toolkit' - Phonics (+5 months) https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics - Oral language Interventions (+6 months) https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions	1,3
<i>CPD for all staff to further develop the use of mastery approaches including mastery maths, to support pupils to develop the high order skills of analysis, inference and evaluation.</i>	Evidence from EEF: - Mastery learning (5+ months) https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/mastery-learning - Reading comprehension strategies (5+ months) https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies	1,2,3
<i>Staff CPD to develop subject specific pedagogy, so that we are using the best approaches to impact upon pupil knowledge and skills progression- e.g. spaced repetition, cognitive science principles. CPD for new staff to ensure that there is a consistent</i>	The Great Teaching Toolkit: https://evidencebased.education/great-teaching-toolkit-cpd/ Evidence from the EEF: Metacognition and self-regulation https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/metacognition-and-self-regulation	1,2,3

<i>approach to Quality First Teaching and provision within each classroom. (Modelling, scaffolding, metacognition, AfL, challenge, etc)</i>	learning-toolkit/metacognition-and-self-regulation	
<i>Time allocated for Pupil Premium Lead to carry out strategic leadership (cost of cover)</i> <i>1 day per half term</i> <i>Coaching with ECTs</i> <i>1 hours per week x 6 weeks</i>	Evidence from Education Endowment Foundation - The Guide to Pupil Premium: A tiered approach to spending https://educationendowmentfoundation.org.uk/guidance-for-teachers/using-pupil-premium	All

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 50,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<i>High quality, structured, evidence based interventions, delivered by highly competent Learning Support Assistants, to address barriers to learning.</i> <i>Prioritising: Welcomm, precision teaching, handwriting, fine motor, phonics and reading.</i> <i>Support will be strategically deployed to need through data analysis and provision mapping.</i>	Targeted small group intervention based on a specific barriers to learning can be an effective method in supporting pupils to fill these gaps and make progress. EEF research- effective use of teaching assistants recommendation 5. https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/teaching-assistants This is also a proven strategy within school. Evidence from Education Endowment Foundation – ‘Teaching and Learning Toolkit’: Teaching Assistant Interventions (+4 months) Teaching Assistant Interventions EEF	1,2,3,6
<i>A clear and strategic approach to support pupils who are at the</i>	It is well known that if pupils are not fluent readers, then they cannot comprehend. This also limits their ability to be able to access the wider curriculum. This strategic approach is in place to ensure that all pupils leave our	1,2,3,6

<i>stage of 'early reading', particular for those pupils in KS2, to identify the specific learning barriers in relation to reading fluency (and to then plan and implement bespoke intervention to support progress.</i>	school as competent and fluent readers who are able to comprehend. Evidence from EEF –Improving Literacy KS2. Improving Literacy KS2 https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/literacy-ks2	
<i>All pupils eligible for PP funding to be allocated a Learning Support Assistant 'Champion' who will provide personalised support to meet need, e.g. to support and encourage and foster a sense of belonging.</i>	This has been in place for the last 4 years in school and has been very successful in engaging parental support from home and ensuring that pupils are practising key skills.	1,2,3,4,6

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 12,190

Activity	Evidence that supports this approach	Challenge number(s) addressed
<i>ELSA interventions to support pupil well-being.</i>	This is a proven strategy which is already in place within school. EEF- Teaching and Learning Toolkit: Social and Emotional Learning (+4 months) https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning	4,5
<i>Meet & Greet provision. Attendance monitoring</i>	Last academic year we implemented a meet and greet for key pupils. This was effective in ensuring that identified pupils had a positive start to the school day and also meant that we were able to respond proactively when a pupil didn't arrive. Monitoring of attendance enables us to act swiftly when concerns begin to emerge.	4,5

	This is an aspect of provision that we would like to continue this academic year.	
<i>Welfare officer to be the first port of call in the delivery of our 'Early Help Offer'.</i>	Last academic year, we developed the role of our Welfare Officer to work with families who required early help. This has had a significantly positive impact on pupil/parent well-being and engagement, as well as supporting the family to improve outcomes. This is an aspect of provision that we would like to continue this academic year.	4,5
<i>All pupils to access an aspect of the extra-curricular offer.</i>	Last year we further developed our extra-curricular offer, based upon feedback from pupils. All pupils who attended provided positive feedback. This is an aspect of our provision that we want to ensure all pupils eligible for PP access.	4,5,6
<i>All pupils, regardless of their socio-economic background and family circumstances have access to a wider range of activities to support the development of cultural capital.</i>	All pupil premium children participate in all residential trips, school trips and experiences. Opportunities to engage in extra-curricular activities – such as musical instruments are offered at key point within a child's school career.	6

Total budgeted cost: £ 69,690

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2024 to 2025 academic year.

Intended outcomes 2024-2025	Impact																																																																								
<i>Disadvantaged pupils make at least expected progress from their individual starting points in all areas of the curriculum, with a focus on phonics, reading, writing and Maths.</i> <i>The attainment gap is narrowed pp/ non-pp children.</i>	Out of the 55 pupils identified as eligible for pupil premium in July 25, 19 pupils have a high level of SEND need, including 2 EHCPs. <table><tr><th>Year group</th><th>No of pupils</th><th colspan="2">Maths</th><th colspan="2">Writing</th><th colspan="2">Reading</th></tr><tr><td></td><td>55</td><td>All</td><td>Without SEND</td><td>All</td><td>Without SEND</td><td>All</td><td>Without SEND</td></tr><tr><td>R</td><td>4 (1 EHCP)</td><td>75%</td><td>100%</td><td>75%</td><td>100%</td><td>50%</td><td>66%</td></tr><tr><td>1</td><td>4 (2 SEND)</td><td>75%</td><td>100%</td><td>50%</td><td>100%</td><td>75%</td><td>100%</td></tr><tr><td>2</td><td>10 (1 EHCP, 5 SEN)</td><td>60%</td><td>100%</td><td>60%</td><td>100%</td><td>60%</td><td>100%</td></tr><tr><td>3</td><td>5 (2 SEN)</td><td>60%</td><td>100%</td><td>60%</td><td>100%</td><td>60%</td><td>100%</td></tr><tr><td>4</td><td>11 (3 SEN)</td><td>91%</td><td>100%</td><td>73%</td><td>75%</td><td>100%</td><td>100%</td></tr><tr><td>5</td><td>10 (2 SEN)</td><td>60%</td><td>75%</td><td>70%</td><td>88%</td><td>80%</td><td>100%</td></tr><tr><td>6</td><td>6 (3 SEN)</td><td>67%</td><td>100%</td><td>83%</td><td>100%</td><td>83%</td><td>100%</td></tr></table> We have now fully embedded the ‘Little Wandle’ phonics scheme across FS, Y1 and Y2. External monitoring through the English hub has judged our provision as very strong and 50% of Y1 pupils eligible for PP passed the phonics-screening test this year. One child was absent but passed outside of the screening window – this would have taken the % to 75%	Year group	No of pupils	Maths		Writing		Reading			55	All	Without SEND	All	Without SEND	All	Without SEND	R	4 (1 EHCP)	75%	100%	75%	100%	50%	66%	1	4 (2 SEND)	75%	100%	50%	100%	75%	100%	2	10 (1 EHCP, 5 SEN)	60%	100%	60%	100%	60%	100%	3	5 (2 SEN)	60%	100%	60%	100%	60%	100%	4	11 (3 SEN)	91%	100%	73%	75%	100%	100%	5	10 (2 SEN)	60%	75%	70%	88%	80%	100%	6	6 (3 SEN)	67%	100%	83%	100%	83%	100%

5	10 (2 SEN)	60%	75%	70%	88%	80%	100%																																																																		
6	6 (3 SEN)	67%	100%	83%	100%	83%	100%																																																																		

and the other has a high level of SEND need and is persistently absent. 1/3 children in Y2 that are in receipt of PP and did not pass the phonics screening test in Y1 have now passed due after resitting it this year. One child who did not pass has recently joined the Academy with a learning need that was not picked up by their previous school which we are currently investigating and supporting. The other is persistently absent and has a high level of SEND. One pupil with an EHCP did not re-sit the phonics screening due to it not being appropriate.

Reading fluency and the development of vocabulary has continued to be a high focus across the school. The introduction of 'Starling Vocabulary' across Y4 and Y5 has had a significant impact upon vocabulary development and this is becoming evident within pupils writing and reading comprehension.

Retrieval practice is now fully embedded within all year groups and is effective in supporting pupils to know more and remember more. Pupil interviews, learning walks and lesson observations have evidenced that this has had a positive impact in supporting pupils to recall what they know and to make links within their learning. The introduction of Knowledge Keepers has already started to have an impact.

All pupils identified as having SEND needs are able to evidence good progress from their starting points within the SEND review cycle. Children are identified quickly and outside agencies have been allocated to children who require further support. The use of WELLCOMM has enabled teachers to identify and support any needs relating to speech, language and communication barriers.

Pupil premium monitoring of outcomes, evidences that overall provision was strong for pupils eligible for PP, for example: key skills were evident within books, feedback was consistently in place and the flow of learning supported the pupils to make progress. Children are seated in a prominent position within every class and the staff have received CPD focussing on the fact that these children are the 'First 10%'. If we get it right for them then we get it right for everyone. A high focus on building strong foundations in FS, Y1 and Y2 has meant that the children being ready to learn has been a high priority and monitoring reflects the impact of this. Executive functioning has also played a key part in developing the children's attitude towards learning in Reading, Writing, Maths, Phonics and Spelling particularly.

For the few pupils who did not meet the expected standard, provision maps and interventions evidence that they have accessed a significant amount of personalised support, and were able to evidence progress within a period of intervention.

	Monitoring of provision mapping evidences that interventions have been targeted, based upon assessment to support pupils to overcome specific learning barriers and evidences a positive impact within the intervention session. PP champions have been highly visible and their impact carries across not only their academic achievements, but also through their mental health and well-being as the champions, alongside the teachers, ensure that children are well supported. Overall, the data evidences that these pupils continue to be supported well and make good progress. Next steps: Further, in-depth analysis of gaps within learning for the small proportion of pupils who remain off-track to secure the EXS, with a focus on Y5 and Y6 in September, so that they are well prepared for the end of KS2 assessment point. Consider external assessments to support as appropriate (STT, etc.)- Particularly for children who are weaker in one area and not others- for example maths. Ensure strong induction of for new staff, through coaching and mentoring.
<i>The language deficit for pupils in receipt of PP funding is diminished.</i> <i>A strong reading culture is embedded across the school and ensures that all pupils develop a love of reading.</i>	Language and communication has continued to be a high priority, particularly in reception and Y1, where the pupils have come into school at a lower start point and with high levels of SEN. We have ELKAN trained staff who have implemented the WELLCOMM assessment and intervention for all children in receipt of PP with an identified need. This is an evidence-based intervention and it has proven to support good progress for key pupils. Developing competent, fluent readers who are able to comprehend has been a focus across year 2/3 & 4. The robust approach introduced, to identify the wider barriers for those pupils who struggle with reading has given us the tools to analyse and build the picture of the pupils as 'a whole reader'. A highly skilled LSA continues to deliver Little Wandle phonics intervention across KS2, to ensure consistency and to give pupils the best chance to 'catch up'. As a result, we have a consistent approach in place for all KS2 pupils, requiring additional support and intervention. This has had a significant impact on pupil confidence, how they view themselves as readers and how they are able to discuss the texts that they are reading, showing a good understanding. This was quality assured as strong practice during the June 2025 OFSTED inspection.

	Next steps: Continue to monitor the impact of phonics and reading interventions to ensure that they are securing accelerated progress for pupils. Continue to embed the wellcomm intervention package across the academy. Fully implement the Starling Vocabulary project across KS2.
<i>Pupils love learning and have access to an engaging, broad and varied curriculum.</i> <i>Pupils have high aspirations of themselves and others and believe they can do it.</i> <i>All pupils are exposed to a breadth of experiences that enables them to contextualise their learning.</i>	Part of our strategy, for many years, has been to have 'Pupil Premium Champions' allocated to each individual to ensure that they have tailored support which enables them to be successful. This strategy has provided on-going proven success. Pupil voice evidences that a majority of pupils eligible for PP feel well supported to do their best. The pupil premium champions are able to support learning, mental health and well-being and support when the child is returning from absence. Attendance monitoring and information from the pastoral support team all feeds in to enable the champions to provide bespoke support for each child. Adaptations are evident within class to remove barriers and ensure that pupils have what they need to be successful. The SENDCO has provided additional coaching and support to develop teachers' knowledge and expertise in relation to ensuring quality adaptations which make a difference. Pupil voice evidences that a high proportion of pupils eligible for pupil premium have a positive view about school and enjoy engaging with their learning. Next steps: To carry out further analysis to ensure that the uptake of clubs for pupils eligible for PP continues to increase.
<i>Pastoral support is well targeted and effective in ensuring that our most vulnerable pupils eligible for PP are fully engaged in all aspects of school life.</i>	The academy Welfare Officer continues to provide high quality support for pupil premium pupils and their families, as required over the course of the academic year. This has equated to 10 pupils and their families having accessed the academies early help offer this year, with an additional 17 pupils also accessing pastoral support. The level of pastoral support required has continues to remain high. Our Welfare Officer has established good relationships with all pupils and

	families and works positively with outside agencies, as appropriate. This has had a significant impact on the quality of life for these pupils, but also in reducing potential safeguarding and attendance concerns for specific targeted pupils. For the academic year 24/25 PA for pupil premium children was 16%, compared to 5.9% for non-pupil premium children. While this is a slight decrease from the previous academic year (19%), eight of our pupils eligible for PP are identified as at risk of PA. Our Welfare Officer/DSL has worked with the families of these pupils and we have seen some improvements over the academic year, however due to the complexities of family situations this work continues to be on-going. Clear pre and post measures for pastoral interventions are securely in place and these evidence positive impact, including supporting pupils to be able to get back to their learning. Feedback from pupils and parents evidence the positive impact of our pastoral support offer. Next Steps: The welfare officer to work with the families eligible for PP, where persistent absence continues to be a concern and ensure that Early Help is in place where needed.
