

**Planning overview** (We aim to teach in a creative way and to ensure that pupils make connections with maths and the wonder of the world, therefore teachers will pick objectives to fit with other areas of the curriculum. The organisation is for guidance purposes and progression).

## Number – multiplication and division

	Autumn Term	Spring Term	Summer Term
<b>Y1 Skills- multiplication and division: apply, estimate, connect, use, solve, interpret, conjecture, analyse, investigate, conclude.</b>			
<b>1</b>	<b>Knowledge</b> Multiplication – Unit 14 Division – Unit 15 1. solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.	<b>Knowledge</b> 1. doubling numbers and quantities of numbers 10. 2. halve numbers to 10. 3. solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.	<b>Knowledge</b> 1. solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.

	Autumn Term	Spring Term	Summer Term
<b>Y2 Skills- multiplication and division: apply, estimate, connect, use, solve, interpret, conjecture, analyse, investigate, conclude.</b>			
<b>2</b>	<b>Knowledge</b> Multiplication and division – Unit 4, unit 5, unit 6 1. show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot	<b>Knowledge</b> 1. recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers. 2. calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (×), division (÷) and equals (=) signs	<b>Knowledge</b> Using models within multiplication and division – Unit 7 1. calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (×), division (÷) and equals (=) signs <div style="text-align: center; margin-top: 10px;"> </div>
